Like...it's not like I didn't keep 30 different accounts just to --! (you know)...
...debate which suit is best...!

This is fine. Play it cool. She doesn't have to know how obsessed you ate...!
You there, kid?
Oops. Just checking my phone hahaha...

This is your new team. I call them the...
Young Justice.
She's your new mentor.
And you guys are gonna work a quick exercise to test your ability in Stark Industries.
Uh... Yes! >-
I-I mean, totally! I can...

Alright... let's begin.
This isn't just training.
This is how Stark Industries thinks.
Every system... every suit. every weapon...
It's about understanding systems...
and learning how to break them.

One at a time.
You step forward.
You face the system.
WHOOM WHOOM WHOOM
You face the system.
You can overpower it...
...or outthink it.

Computer science isn't about computers.
It's about systems.
Patterns.
Control.
. . . before it starts thinking for you.
Now we're gonna test that.

I don't care how you win.
I care if you understand why you did.
DO I MAKE MYSELF CLEAR!
Yes, sir!
...Yes, sir!
